

OMRI™ Plantskydd® powder concentrate is listed by the Organic Material Review Institute for use in production of organic food and fibre (trw-9589).
Listed

The 'active' ingredient is dried blood — recognized by the EPA as an environmentally safe ingredient.

Plantskydd® is exempt from federal Environmental Protection Agency pesticide registration. Plantskydd contains no synthetic additives, is non-toxic and is not harmful to animals, plants or the environment.

“The EPA has determined...that the use of these pesticides poses insignificant risks to human health or the environment...”

The Agency, in promulgating this rule, is responding to society's increasing demand for more natural and benign methods of pest control....”
 May 6, 1996 USA—EPA

Non-toxic • Not harmful to animals or the environment • No synthetic additives

- **DO NOT** ingest powder/solution—wash hands after use.
- **DO NOT** apply directly onto edible parts of fruit, vegetables and other food crops.
- Wash fruit and vegetables before eating.
- If solution comes into contact with eyes or skin, wash/flush with water.
- Avoid spraying concrete and wood to prevent discoloration.
- Rinse sprayer, gloves and planting equipment after use.
- If sprayer clogs, rinse in hot water.
- Use solution mixed from powder within a few days.
- Seal unused powder and store in a cool, dry, dark place for up to 2 years.
- Use pre-mixed RTU solution within 90 days after opening.

DISPOSAL: Rinse empty container thoroughly—**Recycle** or dispose with household garbage.
